

## **LGBT HIP Volunteer Opportunities**

The LGBT Health and Inclusion Project (LGBT HIP) offers a wide range of volunteering opportunities. Opportunities include community outreach, assisting with LGBTQ training, facilitating small groups, helping design and deliver our surveys, focus groups, blog-writing and admin and office support. We can find a way for you to volunteer in a way that works for you.

Volunteers will be able to access local training opportunities and receive support from the LGBT HIP Project Manager.
